The Institute of Purchasing & Supply of Hong Kong (IPSHK) – 3M Hong Kong Limited Visit on 27 August 2021

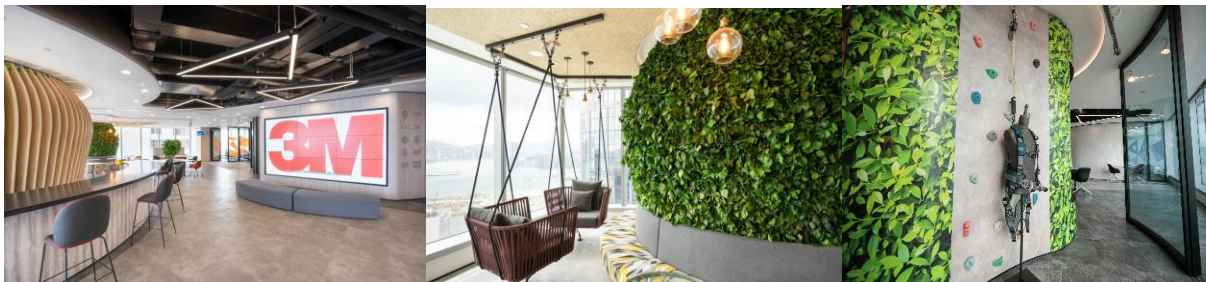

Want to experience an office promoting effective communication and fun atmosphere where creativity thrives?

You are welcome to enrol this visit to 3M Hong Kong Limited office, located in Manhattan Place in Kowloon Bay.

One only has to look a little carefully to find that the office is brimming with 3M's innovative products, all designed to make people's daily life and working life easier and demonstrating the brand's "3M Science. Applied to Life™" philosophy.

3M™ Envision™ Print Wrap Films on the ceiling, for example, can minimize the emission of volatile organic compounds (VOC) and formaldehyde and can be removed easily without leaving adhesive residue. The 3M™ Sun Control Film fitted on the movable glass screen rejects ultraviolet light and infrared light, thus reducing indoor heat, keeping down the electricity bill and saving energy without obstructing the view out there.

The rock-climbing wall and the swing chairs that can carry a maximum weight of 250 pounds, provide a leisure space for visitors and employees and highlight the super-strong bond strength of the 3M™ VHB™ Tape. 3M™ DI-NOC™ Film is used to create stylish decorative elements, illustrating the versatility of the film while instilling an artistic touch to the office.
